Roderick Eggert

*Professor and Director, Division of Economics and Business,
Colorado School of Mines*

“What factors drive metal prices? Historical evidence, 1900-2012”

Metal prices exhibit both year-to-year instability and longer-term trends, which some observers have labeled supercycles. What factors are responsible for these characteristics of metal prices? This webinar examines this question, using data from the period 1900-2012.

Tuesday, January 22, 2013, 2:00 p.m. MDT

\$45 SME Member

\$90 Nonmember

To register:

- Go to <https://smenet.webex.com>
- Find the webinar you want to register for
- Click on the title of the webinar for more information (e.g., date, time, etc.)
- Click the “Register” button
- Follow the directions provided on the registration page to complete your registration
