SME Foundation Booth and Silent Auction

Date: During Exhibit Hours
Place: Exhibit Hall, Colorado Convention Center

Registrants can drop by to visit with the SME Foundation Trustees, about the SME Foundation mission, current activities and future goals. The Foundation Trustees also welcome feedback from supporters.

The booth will also feature a Silent Auction. Different items will be offered each day, so be sure to visit every day and bid often! Proceeds will be used to support current commitments, such as funding SME's GEM, Professional Engineers Exam and ABET programs.

The SME Foundation is soliciting items for the auction. Last year we received some very unique and valuable items, as well as cash donations to purchase some highly desirable items for auction. If you wish to make a tax-deductible donation (item or cash) please contact Will Wilkinson (william_wilkinson@fmi.com) or Mary O'Shea (oshea@smenet.org) to make the appropriate arrangements. Some popular items in the past have been historical mining memorabilia, maps, and books; high quality mineral or fossil specimens; quality jewelry or gem specimens, and/or pieces of art (statues/prints/photographs).

Any exceptionally unique, valuable, or highly desirable items will be placed on the SME website (www.smenet.org) for early bidding.
