NEWS RELEASE
June 10, 2015

Tunneling – Hoisting – Computers
2015 conference proceedings now available from SME

As the leading international resource for technical information about mining and related industries, the Society for Mining, Metallurgy & Exploration Inc. (SME), offers indispensable science and technology from, and for, the people and businesses that discover, develop and deliver the world’s mineral resources.

The SME bookstore has added technical program proceedings from three of the most prestigious 2015 industry conferences to its ever-expanding library of publications available for members and nonmembers alike:

Application of Computers and Operations Research in the Mineral Industry
Proceedings of the 37th International APCOM Symposium

Hoist & Haul 2015
Proceedings of the International Conference on Hoisting and Haulage

RETC 2015
Rapid Excavation and Tunneling 2015 Conference Proceedings

Visit the SME Bookstore at http://www.smenet.org/store/.

SME is a professional society (nonprofit 501(c)(3) corporation) whose more than 15,000 members represent all professions serving the minerals industry in more than 100 countries. SME members include engineers, geologists, metallurgists, educators, students and researchers. SME advances the worldwide minerals community through information exchange and professional development.

For more information, contact John Hayden, Deputy Executive Director - Public Affairs and Government Relations, 303-948-4250 or hayden@smenet.org

SME exists to be the premier resource and advocate for the mining community.
