Setting your browser language

In order to use some of the online features of the SME website (including Paying Dues Online), you will need to set your internet browser's default language to US English.

If you use Microsoft Internet Explorer, you will need to perform the following steps BEFORE you can pay your SME membership dues online.
1. Check to see if **English (United States) [en-us]** is set as the FIRST language.
   - If it does NOT appear in this list, follow step 2.
   - If it appears, but is not at the top of the list, follow step 3.

2. **Click Add**, then follow the instructions in the screen pictured below.

3. Select the **English (United States) [en-us]** and click **Move Up** until it appears at the top of the list.

4. **Click OK** to save your changes, then close and restart your browser.
