1. EXECUTIVE SUMMARY

The student chapter of the society of mining, metallurgy and exploration of the National University of San Antonio Abad of Cusco is a young chapter, was created four years ago, born from the initiative of a group of mining engineering students who want to create an organization to integrate its members and develop activities to increase their academic development and professional relationships.

This organization has been positive impacting through its work in the university and society in general. As a mission of our student chapter we have defined objectives in order to improve interpersonal relationships between us as students and also industry professionals, strengthen academic aspects and the relationship between university and industry.

Throughout this year we have developed activities of integration and knowledge, among the activities of integration we have integrated partners of geological engineering and metallurgical engineering, with whom we work more for the mutual development among students of the mining industry.

All the activities developed by the student chapter have been reported. Based In this compilation we can conclude that our objectives have been achieved successfully.

We are very happy to be part of this great organization that is the SME, and they hope to continue participating and carrying out all kinds of projects and events for next year.
2. OFFICERS REPORTS

2.1. PRESIDENT

Juan Carlos Baez Quispe

It is a great honor and pleasure to serve as president of the SME Student Chapter UNSAAC during the academic year 2019-2020. The enthusiasm of the members of the chapter is a fundamental pillar to develop the activities for the mutual benefit of each of the members. When I assumed the role of president, my main objective was to increase the academic and social development of each of the members and we are working on that.

This organization has taught me to work in a team, I have worked together with my classmates pursuing a common goal. The SME has helped me. Develop myself both academically and professionally, giving me the opportunity. Participate in academic events and allowed me to form bonds with professionals from the mining industry.
2.2. SECRETARY

Jefri Quispe Dorado

I'm enthusiastic in order to have a student chapter SME in my University. It is very important for students because it is a good chance to connect my university with the international mining industry and to improve the knowledge and communications between the students around the world. As a secretary, I promise to carry out my duties in the best way possible, responsibly and effectively.

The secretary position is vital to succeed in our future projects that we have and I am convinced that I can carry it out successfully. We will do great things, with the support of each student, and our goal is to improve ourselves for the next year as an organization.

Sincerely.
2.3. TREASURER

Azucena Fuentes Alvares

As members of the SME, we were always interested in presentations and meetings of the company, but we did not have money in the chapter, we have planned different sources for financing of our activities and trips that the members of our university and other institutions would help. Our first step is to create a fee for the members of the student chapter and save them for future expenses. With this, the chapter will invest them in answers and other opportunities to generate more resources. We will manage our capital and invest in development and holding of meetings not only for the students and professors of our university, but all the people interested in mining. I hope that in the future the number of SME students in this increase so that you can buy more activities for school and participate in the opportunities offered by the SME.
3. STUDENT CHAPTER MEMBERS

3.1. MEMBERS ACTIVES

In the SME Student Chapter UNSAAC we value and recognize the effort and dedication of all our members, especially those who are part of the projects and remain constant with our objectives and at the same time have their active membership.

- Baez Quispe, Juan Carlos
- Hermoza Puma, Waldir
- Quispe Dorado, Jefri
- Bustamante Aguilar, Alexander
- Ccorihuaman Ayamachoque, Juan Jose
- Ferata Quispe, Richard
- Flores Huaman, Suker Nicolay
- Lasanta Bejar, Luis Fernando
- Lima Cornejo, Edwuar Jose
- Lupinta Mamani, Walter
- Pompilla Rosales, Patrik Junior
- Yucra Cartolin, Litman
3.2. **NEW MEMBERS**

In the SME Student Chapter UNSAAC, we appreciate that more and more students seek to join our organization, we welcome to our members in process.

Bravo Fuentes, Mijael Einer

Ccoloque Montesino, Hugo

Choque Quispe, Keiko Rocio

Cutipa Huanca, Ruben

Farfan Garcia, Luzdania

Fuentes Alvarez, Azucena

Hancco Daza, Julissa

Huaman Quispe, Juan Alexis

Kcacha Roa, Pedro Angel

Lucana Muñoz, Naomi

Pataca Prudencio, Edmer Henry

Quellecca Carrasco, Danny Jayo

Quispe Quinhua, Laydi Ruth

Quispe Santa Cruz, Alvaro Armando

Suylo Auccacusi, Rutdiar Francisco

Valderrama Paredes, Harold Smith

Villanueva Carpio, Edson Miguel

Yto Vera, Roy Neyell

Calero Cruz, Roky Ceferino

Choque Achircano, Raul

Cruz Quispe, Alex Hernan

Cutipa Jancco, Benjamin

Flores Molina, Maria Fernanda

Gaspar Quispe, Gustavo Alonso

Herencia Maza, Kenyi Antony

Huaylla Sallo, Nestor Alfredo

Layme Crispin, Jhojan Armando

Pacco Delgado, Carmen

Peceros Salazar, Javier Angel

Quispe Pumachara, Ulises

Quispe Raurau, Jhoseph

Sevilla Rodriguez, Gerson Amador

Torres Pilares, Jhon Flavicjw

Vargas Cuellar, Flor Tatiana

Visa Huisa, Iveth Mary
4. CHAPTER ACTIVITIES

4.1. REGULAR MEETINGS

As a Student Chapter we had several meetings during this 2018-2019 period. We scheduled different kind of meetings and the most important were the weekly ones. Each week we had a meeting on Fridays starting at 1:00 pm approximately and finishing in average at 2:30 pm.

This meeting helped to plan and organize activities, to also develop our soft skills, every week a member of the chapter explains about mining subject.
4.2. TALKS IN SCHOOLS

Mining and its importance in society. It was a great experience, because it helps us to express our opinions and concepts that we have of mining.

This project had the objective of informing society. This was a way of share information that is given every month in the Mining Engineering. Magazine for people who are not yet members of SMEs.
4.3. EXHIBITIONS AND PRESENTATIONS

As part of the commitment by the SME Student Chapter UNSAAC, several presentations were made by leading professionals from the mining industry, among which the most outstanding were the exhibitions of doctors Miguel Cuba and Marta Villalba.
Estocastico secuenciamiento de minado con asignamiento de flota, consideraciones operativas y restricciones de mezcla

Dr. Martha E. Villalba Matamoros

COSMO – Stochastic Mine Planning Laboratory
Department of Mining and Materials Engineering
4.4. **WORKSHOP COURSE**

Training workshops and training courses were developed for the Student Chapter members, which are detailed below.
4.5. TECHNICAL BREAKFAST

Members of the SME Student Chapter UNSAAC participated in different technical meetings organized by the SME, among them the students Juan Carlos Baez Quispe and Waldir Hermoza Puma, as part of the benefits offered by the SME to its affiliates and increasing their knowledge with update topics.
5. Conclusion

This period 2018-2019, was very good as we learned many things and know more people of the industry.

This year has been a great satisfaction for each member of the sme chapter, here at unsaac. we have had more conferences and exhibitors than we could have imagined.

Many students are interested in being part of SME and we are happy to include them in the family. the latest objectives were successfully achieved and the current objectives are clear and are on track to be finalized. our main objective is to guide our partners in the path of partnership and effectiveness in mining and exploration.

We are very happy with the achievement, and we want to continue growing as a chapter, with the effort of each member.
